Even the smallest gift can make a **HUGE** difference to support our children and families!

Giving is more than a donation, it's about making a difference!

Who inspired you growing up? Most people think of an adult from their childhood who made them feel safe, happy, and loved. Might be a parent or caregiver, a teacher, a mentor, or even a neighbor. The link being it was someone who was there when you needed them the most, offered encouragement, and helped you build resiliency. We know that children who have at least one supportive adult in their lives, grow up with brighter futures!

Children's Service Society (CSS) has stood beside parents, caregivers, and our community since 1884 to provide permanency and inspiration for our youth. Our vision is to ensure every child has a safe, happy, and loving home. With services built upon adaptability, understanding of family diversity, and a focus on families' strengths, CSS offers a continuum of support through our [Adoption](#), [Care About Childcare](#), [GRANDfamilies](#), and [Home Visitation](#) programs.

The CSS [Adoption](#) program helps to build those supports, even before a child is born. Through ethical options counseling, birth parents meet with licensed professionals to determine if parenting, placement, or other options may be right for them. If expectant parents decide to place a child, CSS helps find a waiting family who can provide a safe, stable, and loving home.

When children are being raised by a grandparent or relative, the CSS [GRANDfamilies](#) supports kinship caregivers. Families receive legal support to obtain guardianship, access to medical care, crisis intervention, counseling, supports groups,

substance use prevention, financial resources, and more. Our services support family preservation while helping caregivers provide a safe, nurturing home.

CSS also supports low-income and high-risk parents with young children through our [Home Visitation](#) program. Personalized in-home visits by trained parent educators provide mentoring that enhances parenting skills and improves children's safety, healthy development, and kindergarten readiness. CSS educates families about how to prepare their children for success in school and life.

With the generous support of donors like you, CSS can continue to foster positive relationships in biologic, adoptive, and kinship families and help children excel emotionally, developmentally, and socially. Your donation will directly help children in Utah have the loving, safe and stable homes they deserve. You have the power to help our children soar!

A \$35 DONATION...

Could provide an initial assessment to help prevent child maltreatment.

A \$75 DONATION...

Could provide a home visit to assess the health and safety of an at-risk infant.

A \$150 DONATION...

Could provide crisis intervention services to improve a child's well-being.

A \$250 DONATION...

Can provide a support group for children recovering from abuse or trauma.

- Visit cssutah.org/give/donate to make a donation online, or fill out and mail back the enclosed form.
- Your gift will help CSS serve our young ones, and build a stronger tomorrow for future generations!
- Children's Service Society of Utah is the oldest non-denominational child welfare agency in our state.
- CSS empowers families, caregivers, and professionals by supporting the safety and well-being of children.
