Hello Springtime!

SPRING IS THE INTRODUCTORY SEASON OF THE YEAR

Home Visitation Team

What happens in Spring? Wearing T-shirts, shorts, dresses and a light jacket will work perfectly. Lightweight clothing is more suitable for spring. Since the temperatures are warming up, heavy clothing will no longer be needed. Of course, you will need to throw in a lightweight jacket for the cool evenings. Spring is considered an awaking or rebirth. Many fun things happen during the spring season. Springtime flowers begin to bloom, days start to get longer, the temperatures start to rise. It’s the time of year when people get to come outside and do fun activities again especially after a long, and harsh winter.

ALL CHILDREN WILL LEARN, GROW, AND DEVELOP TO REALIZE THIS FULL POTENTIAL.

Parents As Teachers
Welcome Wilma to the Home Visitation Advisory Board

Children's Service Society of Utah Home Visitation (HV) welcomes Wilma Odell!!

She is a great addition to the HV Advisory Board with her wealth of knowledge and rich experience.

She received her B.A. in Sociology, minor in Psychology at Rutgers University, a Certificate of Secondary Education, and Masters at University of Utah. Wilma has been a Resource Teacher, Vocational Tutor, and High-risk Program Coordinator amongst the many positions she’s held.

Many years ago she referred a refugee family that graduated from the HV program and recently referred another refugee family. We look forward to continue this collaboration with Wilma!!

This Spring...

Finding Self Care

- Take a daily walk
- Write in your journal
- Improve your sleep, take a nap
- Turn off your device for an hour
- Take 15 minutes to your self
- Play Music, Sing, Dance
After 10 years of hard-work, the bill is being recognized officially in the State of Utah, the work of Community Health Workers (CHWs) was presented. S.B. 104 Community Health Worker Certification Process moves to the next step.
Thank you Utah Diaper Bank!

Children's Service Society of Utah Home Visitation (HV) thanks Victor at the Utah Diaper Bank for donating to underserved diverse families and for their ongoing service to the state of Utah!

This one time diaper donation will assist struggling families in need.

We appreciate it!!

Did you know 1 in 3 US families with young children struggles to provide enough diapers to keep a baby or toddler clean, dry, and healthy?
Children's Service Society of Utah Home Visitation (HV) thanks HV Advisory Board Member, Lorie O'Toole, and Rumor Advertising for sponsoring the plastic filled eggs for the HV Annual Spring Egg Hunt
Children’s Service Society of Utah Home Visitation (HV) appreciates Hillcrest High School Key Club an After School Program dedicated to learn about non-profit organisations. High School students learned about the history of Children’s Service Society, the Social Services offered, and career options offered.

Parent Tip: Read and Say Nursery Rhymes Together
Ashima Puri and Hillcrest High School students took the initiative to reach out to Children's Service Society of Utah requesting to donate gently used children's books to Home Visitation for they Key Club's project.

Mrs. Edmonds, a dedicated high school teacher leads the Key Club, an ongoing after school program that has been actively running for years at Hillcrest. Thank you Key Club!

Preschoolers and Kindergarteners generally shows an interest in reading if they have early experiences.
Getting a shot can be scary for kids. Here are some tips to comfort your child before, during, and after their shot.

**Before**
- Be honest with your child: Shots can pinch or sting, but they don’t hurt for long.
- Help your child see vaccines as a good thing. Tell them vaccines keep them safe from germs that might make them sick.
- Don’t tell your child scary stories or make threats about shots.

**During**
- Bring a favorite toy or blanket for your child to hug.
- Hold your child in a comforting position, such as on your lap.
- Distract your child, such as with a story, a video, or a conversation.
- Ask the vaccine provider if they have a numbing ointment or spray to apply before the shot.

**After**
- Hug and praise your child.
- Remind your child why vaccines are good. Tell them their body is already making germ fighters to keep them safe and healthy.
- Consider rewarding your child, such as with a sweet treat or a sticker.
