## Children's Service Society of Utah

**OUR STORY:** Organized in 1884, the Children's Service Society of Utah is the state's oldest non-denominational agency focused on child welfare. The mission of CSS is to empower families and caregivers through services supporting the safety and well-being of children. The Adoption program helps children who need forever homes and provides ethical options counseling to the families involved. Our newest program, Building Blocks provides child care to low-income families to support early childhood development. Care About Childcare provides child care referrals for families, while training licensed providers. Grandfamilies supports grandparents and other extended family members who step in to raise relative children. Home Visitation mentors and enhances parenting skills and healthy development for at risk families with children from prenatal to five years old. Our services are provided to the community at no cost and rely on the generosity of our donors like you to support local families.

**OUR OBJECTIVE:** CSS strives to ensure every child has a safe, loving home. By providing stability for Utah's youth and allowing children to develop in a nurturing environment, we strengthen family relationships and prevent child abuse and neglect. Our fundraising initiatives raise the support and awareness needed to impact our local communities. Our annual gala gives perspective into the lives of those served, while highlighting the tremendous stewardship our volunteers, advocates, donors, and peers display throughout the year.

**OUR REQUEST:** Please stand beside us as we provide the hope and stability our fellow Utahns deserve. The support of local businesses and community organizations is vital in continuing our work to empower local families. Together, we're able to show Utah's children they matter, and their future matters. By sponsoring or underwriting our 2022 gala, you help CSS continue our mission!

**OUR GOAL:** To raise \$75,000 through our annual gala. Your charitable contributions will directly impact local children and their families through services provided by the Children's Service Society of Utah. By funding our programs, you provide love and support for Utah's children even before they're born. But we know the work doesn't stop there and vow to continue serving our community until every child is safe.

Alongside Utah's youth and their families, we thank you for your consideration in sponsoring our gala. For more information, please visit our website at [www.cssutah.org](http://www.cssutah.org) or always feel free to reach out directly by email, or phone.

Our deepest gratitude,

Encarni Gallardo, Executive Director
