ASQ's parent-centric design yields unparalleled accuracy and efficiency.

*Ages & Stages Questionnaires, Third Edition (ASQ-3) is a developmental screening tool designed for use by **early educators and health care professionals**. It relies on parents as experts, is easy-to-use, family-friendly and creates the snapshot needed to catch delays and celebrate milestones.*

ASQ-3 questionnaires

- are available in English and Spanish
- take just 10–15 minutes for parents to complete and 2–3 minutes for professionals to score (instantly if completed Online)
- capture parents' in-depth knowledge
- highlight a child's strengths as well as concerns
- teach parents about child development and their own child's skills
- highlight results that fall in a "monitoring zone," to make it easier to keep track of children at risk

Programs across the country rely on ASQ-3 because it's

- highly valid, reliable, and accurate
- cost-effective
- easy to score in just minutes
- researched and tested with an unparalleled sample of diverse children
- a great way to partner with parents and make the most of their expert knowledge
- fun and engaging for kids

Have questions about how to utilize the ASQ-3 in your program?
Contact your local Care About Childcare @ 801-326-4403 or the state

PARTICIPANT CODE OF CONDUCT

Care About Childcare

- **Punctuality | Attendance:** I understand that I must be in class at or before the time scheduled for class to begin in order to obtain credit for the class. If I arrive after the time that class is scheduled to begin, I can use the time that I was actually in attendance for licensing credit, but I will have to repeat the full 2 1/2 hour session to get Career Ladder credit for the course. This includes returning on time from breaks and lunch. Class will begin when the trainer determines that it is time to start. I understand that if I am not present during the entire class period, I will not receive Career Ladder credit for the session, and will have to repeat the full 2 1/2 hour session in order to receive credit for the course.
- **Disruptive Behavior:** I will be respectful to all personnel that support the Professional Development System (i.e.: Care About Childcare/CCR&R staff, CCPDI staff, OCC staff, etc.). I will not use obscene, profane, threatening, discriminatory, harassing or abusive language. During class, I will be respectful to the trainer and others in attendance during each class session. I will not engage in any conversation or behavior that is disruptive or disrespectful to the trainer or other participants in the class. I will attentively participate in class. I will not text message or make cell phone calls during class time. I understand that I am required to turn my cell phone and/or other electronic devices off or turn them to vibrate during class time. I will limit all cell phone calls to break time or after class time. I will not engage in disruptive private conversations during class time. If I must bring food or drink to class, I will eat quietly and will not allow food or drink to become disruptive or distracting to the trainer or other class participants.
- **Illegal Activity/Health & Safety:** I understand that any illegal activity, including behavior that threatens the health or safety of the trainer or another class participant before, during or after class will be cause for my immediate expulsion from class and permanent suspension from participation in the Career Ladder and the Professional Development Award, and that such behavior may be reported to law enforcement. I understand that I may be asked to leave a training if my condition prevents me from participating or is disruptive to the class environment.
- **Children:** I understand that adult training classes are not a developmentally appropriate environment for children of any age. I will not bring children to class.
- **Class Roll:** I understand that in order to receive credit for each class session, I must sign my full legal name on the roll before class begins. I understand that failure to do so will result in my not receiving credit for the class session. I understand that I may not sign the roll for someone else.
- **Confidentiality:** I understand that confidentiality is extremely important. I understand that I must keep all names and other identifying information confidential when I am relating a story during class or asking for guidance regarding certain issues. I also understand that it is my responsibility to keep sensitive issues discussed during class in confidence, and not discuss it with family or friends outside of that classroom setting.
- **Refunds:** I understand that class registration fees are non-refundable. I understand that if I notify CAC/CCR&R a minimum of three days in advance that I am unable to attend a course for which I am registered, that my registration fee may be able to be credited toward another class. I understand that it is my responsibility to contact CAC/CCR&R to make these arrangements.
- **Non-Compliance:** I understand that, in cases of infractions of a minor severity (behavior that has been determined to be disruptive but not illegal), that I will be allowed one issued verbal warning upon the first violation of the above listed rules. I understand that upon the second such infraction, I will be suspended from participation in the Career Ladder and Training and Professional Development Award for one year from that infraction date. I understand that upon the third such infraction I will be permanently barred from participation in the Career Ladder and Professional Development Award System. I understand that upon the first incident of any violation in which I engage in illegal activity (including threatening or intimidating behavior), that I will be permanently banned from participation in the Career Ladder and Training and the Professional Development Award System, and that such action may be cause for intervention by law enforcement and/or other legal action.

Care About Childcare CDA Program

Interested in advancing your Professional Development?

Are you a child care provider working in a center or running an in-home program? Are you interested in obtaining your Child Development Associate (CDA) credential, or are you trying to figure out if a CDA is right for you?

In any case, Care About Childcare at Children's Service Society would like to assist you in achieving your CDA.

There is a growing trend for child care providers to show demonstrated competency in the Early Childhood field, and a CDA is a great way to do it! Receiving this credential is not only one of the ways to achieve Level 4 on the Career Ladder, but it will also show your ability to put what you learn into action each day with the children in your care. The services we offer, and materials we provide, are FREE for providers in licensed programs and designed to assist you through each step of the process.

If you believe pursuing a CDA is right for you, or you are still deciding if it is, please register for an upcoming FREE CDA Orientation offered on the Class Schedule for this quarter. The Orientation covers an overview of the process, the eligibility and training hour requirements, what classes to register for next, how the classes you take fit into the Career Ladder system, etc. Also, at the Orientation, you will be able to create an individual plan for the next CDA Support Workshops to attend as well.

Support Workshops cover various topics including:

- The NAEYC Code of Ethical Conduct
- The 6 Competency Standards and 13 Functional Areas as defined by the CDA Council
- The philosophy of Developmentally Appropriate Practice and how it relates to the CDA
- Organization and components of the Professional Portfolio
- Family Questionnaires
- Verification Visit, including the Observation, Reflective Dialogue, and CDA Exam
- Renewal Procedures

As part of the process, everyone interested in a CDA is required to obtain 120 hours of formal early childhood training. In addition to registering for an upcoming CDA Orientation, you can also begin to register for, and attend, classes listed as Levels 1-3, which will put you on track to have almost all of the 120 hours completed.

If you have any questions about the support available, please contact the CDA Consultant:

Children's Service Society

ADOPTION PROGRAM

Adoption Services

Milo, adopted in 2014

Milo's birth mother felt that caring for her child with severe medical issues was more than she was able to handle, and she chose to place him for adoption. The hospital social worker referred her to CSS because of our positive reputation in the community and our expertise in special needs adoptions. We located a family who had experience with Milo's diagnosis, and they were happy to adopt this beautiful child.

Children's Service Society's adoption program has completed more than 2,700 adoptions since 1930. We take great pride in the ethical nature of our adoption services; and more than just following our state laws, we strive to meet high standards of social work practices. It is in part because of these values that CSS is the only private agency in the state of Utah contracted to write home studies for the Utah Division of Child and Family Services.

Connections

Our Connections program is invested in more than just helping CSS's former clients to reunite with biological families separated by adoption. Currently all adoption records in Utah are sealed whether a birthparent wants them to be or not, despite the majority of today's birthparents requesting an open adoption. The Connections program has worked very hard, though yet unsuccessfully, on a bill to allow adoptees access to their adoption records. CSS will continue to strive towards creating ethical adoption practices for all involved in the State of Utah.

CSS Adoption Services include:

- Ethical options counseling
- Post-adoption birth parent counseling
- Domestic infant and special needs adoptive placements
- Home studies for Utah DCFS adoptions
- Domestic infant home studies
- Domestic special needs home studies
- International home studies
- Post-placement services

CSS Connections services include:

- Confidential intermediary services
- Non-identifying information reports

Since its creation in 2002, the Connections program has helped to facilitate more than 100 adoption reunions.

Do you know someone with an ***unplanned pregnancy***? Adoption is an option.

To speak with an options counselor for free call or text 801-656-8527.

Serving young children and their families is what childcare programs are all about. You do what you do because you care. At the Bureau of Child Development in the Utah Department of Health, we understand that, we honor that, and we want to help you do it. Our Early Childhood Utah program currently offers two game-changing tools to assist you in the good work you're already doing. The Ages and Stages Questionnaire (ASQ) and the Strengthening Families Protective Factor Framework can help improve clarity and precision in your work with families.

The Bureau is offering to partner with interested childcare programs in the service of families; we provide access to training, materials, tools, and ongoing support in integrating the ASQ into your program. In addition to providing insight on how to work with a specific child in the moment, screening is the first step to identifying children who could benefit from additional services to improve their outcomes now and down the road.

We're also in the process of applying and adapting the Strengthening Families Protective Factors Framework to a variety of fields across the state. This strengths-based framework puts the work that we do with individual children every day in the larger context of the family, and what each partner, program, and provider contributes to that family's development of the five protective factors:

- *Parental Resilience*
- *Social Connections*
- *Knowledge of parenting and child development*
- *Concrete support in times of need*
- *Social and emotional competence of children*

To learn more about either of these efforts, please reach out to your local Care About Childcare agency, or contact the Program Coordinator within the Bureau of Child Development, Justin Nuckles, directly at:

Free Divorce Education for Children from Utah State Courts

When adults go through a divorce, there are programs available to assist them in making the transition, including a class offered through the Utah State Courts. But what about the children of divorcing parents? Nearly 12,000 Utah children are impacted by divorce each year, including more than 5,000 children in Salt Lake County. A gap exists between programs that are available for adults and classes available for children of divorcing parents. Because of this gap children are often left confused and full of mixed emotions when going through the divorce process.

To fill this need, the Utah State Courts has developed a program called Divorce Education for Children. This class is available for children ages 9 to 12 and offered free of charge. The program's curriculum provides children with skills they can use to better communicate their feelings to parents and is designed to minimize the adverse effects divorce has on children. Mental health professionals teach the class with assistance from state court judges and commissioners.

FREE Class Information:

The Divorce Education for Children class is available for children ages 9 to 12 and offered free of charge. The program is taught by a mental health professional and provides children with skills they can use to better communicate their feelings to parents and is designed to minimize the adverse effects divorce has on children. Classes are offered in Logan, Ogden, Provo and Salt Lake City.

To register your child or children for an upcoming Divorce Education for Children class in your area go to www.utcourts.gov/specproj/dived/children.html.
